

COMPLETE CARB SETS w/o Manifolds & Air Cleaner Kits

(Includes Set of Carbs, Linkage & Regulator)

PM-0801-0

Part #	Carb Size	Choke	Mains	Air Corrector	Em Tubes	Idle Jet	Float Ck Valve	*Engine Range	Comments	Part Name
PM-0801-0	40mm	32	125	180	F11t	55	0.5	2.0-2.4 L	Street	PMO Carb Kit 40mm for 2.0-2.4L Street Set-Up
PM-0802-0	40mm	34	135	185	F11t	55	0.5	2.4-2.7 L	Performance	PMO Carb Kit 40mm for 2.4-2.7L Performance Set-Up
PM-0803-0	40mm	36	145	190	F11t	55	0.5	2.8-3.0 L	Street	PMO Carb Kit 40mm for 2.8-3.0L Street Set-Up
PM-0804-0	46mm	36	145	185	F11t	55	0.5	2.8-3.0 L	Performance	PMO Carb Kit 46mm for 2.8-3.0L Performance Set-Up
PM-0805-0	46mm	38	155	180	F16t	55	0.5	3.2-3.4 L	Street	PMO Carb Kit 46mm for 3.2-3.4L Street Set-Up
PM-0806-0	46mm	40	165	180	F7t	60	0.5	3.2-3.4 L	Performance	PMO Carb Kit 46mm for 3.2-3.4L Performance Set-Up
PM-0807-0	50mm	41	175	190	F2t	60	0.5	3.5-3.8 L	Street	PMO Carb Kit 50mm for 3.6-4.0L Street Set-Up
PM-0808-0	50mm	43	185	190	F2t	60	0.5	3.6-4.0 L	Performance	PMO Carb Kit 50mm for 3.5-3.8L Performance Set-Up

* Engine range is an approximation based on typical displacement requirements utilizing stock ported cylinder heads and factory style cams
Any carb sets / manifolds should always be matched to the head port size for stock engines (see Porsche Engine Data & Manifold Data)

**Engines with enlarged ports, higher compression ratios, race camshafts, will require additional components for tuning beyond the stock kit specifications
